Thomas Wormald Dead

Thomas Wormald, aged 66, born and raised in Maysville, died Tuesday at his home at Dayton, Ky., after a lingering illness. Mr. Wormald was a veteran of the Civil War, being a member of the Sixteenth Kentucky, and a carpenter by trade. Deceased was an uncle of the late Jacob Wormald of Newport, formerly of this city. His funeral will take place from his late home this afternoon at 2 o'clock. Burial in Evergreen Cemetery, Newport.

**Highwaymen Pull Off Two Success-
ful Jobs Last Night**

Andrew Goddard, one of Fleming county's leading horse dealers and stockmen, was here yesterday on business affairs, and after closing up the transactions of the day started for home after nightfall. He was traveling by vehicle and had reached a point about four miles South of this city or the Mt. Carmel pike, when three men suddenly appeared in his path, and while one man caught his horse's bridle and stopped the buggy, the other two, one on each side of the vehicle, demanded that he alight and give up his wealth. He refused the demand, but was taken from his buggy by force, and badly treated and roughly handled.

The highwaymen, after relieving him of all his possession, including a watch and \$3 in cash, left him on the roadside, and taking his buggy they drove back to the Cemetery, where they hitched the horse to a fence, and, it is supposed, cut across to the coal docks, where they boarded a freight train and made good their escape.

Mr. Goddard, after fully recovering from the kick he received on the head, retraced his steps and found the horse and buggy where the thieves had left it.

He came on to town remaining over night and left for home this morning.

Last night, near 11 o'clock, as Mr. Lou

Roser was about entering the alley in Lime-stone street, leading to the rear entrance of his residence in Front street, he was pounced upon and thrown down by two men who relieved him of a fine gold watch. He failed to recognize his assailants.

See notice elsewhere of C. and O. Sunday excursions.

The alarm of fire last evening was a false report. It gave the Department a run and considerable trouble, however. Somebody will pay a fine yet, for their fun.

Ashland Independent—Mrs. Rebecca Buckler of Mason county, who has been spending the winter with her cousin, Mrs. H. A. Greiger, in South Ashland, left this afternoon for a visit with Lexington relatives.

OLD PEOPLE

Made Strong by Vinol

A prominent Boston lawyer says: "My father is eighty years of age and he owes his present strength and good health to Vinol.

"During the last two winters he never had a cold, and was able to walk farther and do more than for years.

"I think Vinol is perfectly wonderful. It certainly is the greatest blood-making and strengthening tonic for old people I ever heard of."

We wish every feeble, old person in this vicinity would try Vinol on our agreement to return their money if it fails to give satisfaction.

Short-Length Linoleums, Oilcloths and Mattings

Every housekeeper has use for one or several pieces, and today the prices are so little that it seems almost like giving the goods away—particularly in the shorter pieces. That is why the response will be so prompt and enthusiastic, and the warning to be early is so necessary. There are over three hundred yards of Linoleums and Oilcloths, in lengths varying from 1 to 7 yards, at prices according to length and quality. Most of the goods are perfect, though a few are a trifle damaged from handling, and priced accordingly. Mattings in short lengths will be sold very cheap. None of these remnants can be cut, neither are they returnable, as the object in making the prices so low is to clean up stock effectually. Bring size of rooms to save delay and disappointment.

White Fabrics

Sheer materials for Graduation and Summer Dresses. We publish three significant examples of how low the prices go:

Flaxon 25c—Flaxon Cloth, one of the most popular white fabrics and the nearest one to linen: 40 inches wide, 25c a yard.

India Linon 10c—Sheer India Linon, 30 inches wide; all you want at the attractively low price of 10c a yard.

Solving the Suit Problem

Distinction in a Suit is a matter of style, not of price. We have dozens of modestly priced Suits with that air of distinction all well dressed women demand. Suits that are perfect in every tailored detail, rich in wear, ideal for daily service.

MAKES RAPID HEADWAY

ADD THIS FACT TO YOUR STORE OF KNOWLEDGE

Kidney disease advances so rapidly that many a person is firmly in its grasp before aware of its progress. Prompt attention should be given the slightest symptom of kidney disorder. If there is a dull pain in the back, headaches, dizzy spells or a tired, worn-out feeling, or if the urine is dark, foul-smelling, irregular and attended with pain procure a good kidney remedy at once.

Your townspeople recommend Doan's Kidney Pills. Read the statement of this Maysville citizen:

J. M. Lloyd, farmer, R. F. D. No. 5, Maysville, Ky., says: "I am only too pleased to tell of my experience with Doan's Kidney Pills and I hope that it will be the means of helping other sufferers from kidney trouble to find relief. About five years ago my kidneys suddenly became disengaged and for several months I was bothered by constant, dull pains across my loins. When I stooped or lifted, sharp twinges shot through my body and caused the most intense suffering. When I heard of Doan's Kidney Pills, I procured a box at J. Jas. Wood & Son's Drugstore and began their use. They effected a complete cure, and since then I have not had backache or any other symptoms of kidney trouble."

Do You Feel This Way?

Do you feel all tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at nights unable to sleep? Are your nerves all gone, and your stomach too? Has ambition to forge ahead in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your lazy liver to work. It will set things right in your stomach, and your appetite will come back. It will purify your blood. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring about a cure in 98 per cent. of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose advice is given free to all who wish to write him. His great success has come from his wide experience and varied practice.

CANTRELL'S "JOKER"

Tobacco Growers Warned of Hypocritical Moves of Arch Enemy of All Tobacco Growers

Let the tobacco growers look out for the "joker" in Mr. Cantrell's bill purporting to be for their benefit. If Mr. Cantrell had kept in close touch with the leaders of the Burley Tobacco Society he might have learned the legislative needs of tobacco growers during the months of 1909 when he was plotting with his colleagues to destroy the only organization that has ever given any protection to tobacco growers, and that organization might now be, as it once was, a bulwark and protection to the growers.

After exerting himself to the limit of his strength to tear down the work which Miss Lloyd and the leaders of the Burley Tobacco Society had given long days and sleepless nights to build up it comes with poor grace that Mr. Cantrell should now be fathering a bill which she outlined, the importance and necessity for which she has urged for sixteen months, which necessity he should have seen and would have seen had he not been more intent upon destroying the leaders of the Burley Tobacco Society to promote himself than he was upon benefiting tobacco growers.

More than any other one man, more than any other one hundred men, Mr. Cantrell is responsible for the prevailing prices of tobacco, 7 cents lower than the price one year ago. Does Mr. Cantrell expect to stand for this having he has wrought by advocating this bill?

He did not accomplish this wreckage by his 1910 assault chiefly. He dealt the organization a death blow in 1909 when he and his colleagues fought the Burley Tobacco Society from January to September, confusing the people and greatly lessening the number of acres sown.

If he had been either a wise or a true friend to the interests of the people, he would have seen even in 1910 with the Burley Tobacco Company, which he so strenuously fought in 1909, and accomplished success, that the growers could have won 100,000 acres of the 1910 crop pooled. Had he consorted with the leaders of the Burley Tobacco Society, successful tobaccoists, successful business men, men of integrity, instead of with the avowed enemies of the growers' organization, he would have seen that the victory could have been won, notwithstanding the injury inflicted by him in 1909.

After doing his utmost to discredit Miss Lloyd with those whom she was endeavoring to serve when she was making some telling and strategic strokes at the enemies of the growers, it comes with little grace from Mr. Cantrell to be now championing a bill suggested by her instead of pushing his own remarkable bill exempting farmers from the provisions of the Sherman Anti-Trust Law. Did Mr. Cantrell ever expect this suggestion of class legislation, as patent as it was flagrant, to be taken seriously?

Was Mr. Cantrell's course toward the Burley Tobacco Society an error in judgment, or was it intended to accomplish just what it did accomplish—the absolute betrayal of the growers of tobacco into the hands of the Tobacco Trust?

If the farmer, can his judgment in the future be any more safely relied upon? If the latter, has he had a genuine change of heart?

By his bad judgment, ambition, malice or cupidity he has brought more disappointment, discomfort and distress into Kentucky than any event since the Civil War.

Having changed the oil of gladness for the salves of mourning, he now proposes to soothe the suffering by another tune on his panzer.

"Beware of Greeks bearing gifts."

Look out for the "joker" in Mr. Cantrell's bill.

New Way

Knocks Rheumatism

D-M-F Proves Startling Success.

Guaranteed Absolutely As To Results.

The problem of ridding the system completely of uric acid deposits which cause rheumatism has been solved, as caused by many chronic sufferers. D-M-F has used it as the novel remedy called D-M-F, perfected after 30 years of exhaustive tests.

Its unique action is one of the features which most attracts the attention

of the sufferer using it. Unlike any other treatment of its kind known,

it produces results or "signals" by

which the patient has been able to

clearly foretell the complete eradication of the disease.

D-M-F has been remarkably effective in every form of rheumatism, a feature which is extremely unusual.

C. W. BESON, M. D., one of the most prominent physicians in Oklahoma, has had great success in treating rheumatism, says:

"The cases for this test were selected from the various chronic forms commonly known as incurables, and all responded favorably to the D-M-F treatment. Convincing that with D-M-F there are no incurable forms of the disease, I am now ready to stake my professional reputation on my ability to cure all forms of rheumatism with this treatment."

The best news of all for the rheumatic is that D-M-F is guaranteed as to results.

D-M-F is singularly free from any opinions or dangerous drugs of any description, and is easily assimilated by the weakest stomach.

Full explanations of the wonderful action of D-M-F on rheumatism, lump, tumor, gout, neuralgia, etc., are packed with every bottle. Begin taking a bottle of D-M-F today, and you may safely drop every other rheumatism treatment you may now be taking.

Get D-M-F at your druggist at \$1.00 a bottle. If you are satisfied with it, you will be given 6 bottles for \$5.00, and get rid of your affliction. If your druggist cannot supply you, it will be sent on receipt of price by the D-M-F Medicine Co., 2715 Lincoln Ave., Chicago, Ill. The first bottle will convince every sufferer.

D-M-F is recommended and sold in Maysville by James Wood & Son.

Street Construction Ordinance

An Ordinance, Ordering the Original Construction of a Permanent Macadam Street, With Bituminous Binder, on Third Street, From the West Margin of Wall Street to the West Margin of Lower Street; and on West Second Street, From the West Property Line Extended of the Maysville Manufacturing Company's Plant to the East Margin of the Culvert Over Beasley Creek; and on Fourth Street, From the East Margin of Market Street to the East Margin of Plum Street; and on Bridge Street and East Second Street, From the North Margin of Third Street, Thence With Bridge Street and East Second Street to the West Margin of Union Street; and on Limestone Street, From the South Margin of Third Street to the North Margin of Fourth Street; and on Market Street, From the North Margin of Second Street to the North Margin of Front Street; and on Sutton Street, From the North Margin of Front Street to the North Margin of Third Street; and on Wall Street, From the South Margin of Second Street to the North Margin of Third Street, and Concrete Curb, Except Where Heretofore Constructed, in the City of Maysville, Ky., on the Ten-Year Bond or Payment Plan.

Be it ordained by the Board of Council of the City of Maysville as follows:

SEC. 1. That the following streets and parts of streets in the City of Maysville be improved by original construction by constructing a permanent macadam limestone street with bituminous binder, from the inner line of curbing on the outer sides of the pavements thereon for sidewalks, and concrete curb, but so as to include the curbing on both sides of said streets, except where heretofore constructed, between the lines thereof, as follows:

On Third street, from the West margin of Wall street to the West margin of Lower street; and on West Second street, from the West property line extended of the Maysville Manufacturing Company's plant to the East margin of the culvert over Beasley creek; and on Fourth street, from the East margin of Market street to the East margin of Plum

street; and on Bridge street and East Second street, from the North margin of Third street thence with Bridge street and East Second street to the West margin of Union street; and on Limestone street, from the South margin of Third street to the North margin of Fourth street; and on Market street, from the North margin of Second street to the North margin of Front street; and on Sutton street, from the North margin of Front street to the North margin of Third street; and on Wall street, from the South margin of Second street to the North margin of Third street, with concrete curb, except where heretofore constructed, in the City of Maysville, Ky.

SEC. 2. That the same be constructed in accordance with the plans and specifications on file at the office of the Mayor of the City of Maysville, which are now referred to and adopted and made part of this ordinance and attached hereto.

SEC. 3. The construction of each of said streets, except as hereinafter provided, shall be at the exclusive cost of the owner or owners of lots and parts of lots of land fronting or abutting or bordering thereon, which cost shall be apportioned by the Board of Council to said lots according to the number of front feet thereof abutting on said streets respectively.

The cost of constructing the street and alley intersection from curb to curb shall be borne by the City of Maysville and paid in the same manner as herein provided for other property owners.

SEC. 4. The accepted bidder shall execute bonds to the City of Maysville in a sum with good and sufficient security, equal to 25% of the contract estimate, to be approved by the Board of Council of said city, for the faithful performance of his contract, and further conditioned that said construction will be of such quality of material and such grade of workmanship as to remain in substantially good condition for a period of two years after its acceptance, and further that he will indemnify said city against any and all loss sustained by reason of his negligence or defective construction. And the contractor shall within ten days begin his work under said contract, and shall complete the same without delay.

SEC. 5. When the work is completed in accordance with the contract and specifications, the work shall be received by the said City Council upon a certificate from the City Engineer and Street Paving Committee, stating that the work has been done according to contract and specifications, and the said City Engineer shall apportion the cost of said improvement against the lots or grounds abutting or bordering the improvements, and any owners of the lots or grounds abutting or bordering the improvements desiring to settle in cash for the improvement assessed against them, may within thirty days after the adoption of the apportionment, pay the amount assessed against them to the City Treasurer, who shall place the money in the "Street Improvement Fund." At the expiration of thirty days after the adoption of the apportionment, the Treasurer shall report to the Council the amount of cash received, from whom and upon what lots it is paid, and the Council shall order the Mayor and City Treasurer and Chairman of the Ways and Means Committee to advertise Street Improvement Bonds for sale to cover the unpaid balance, together with all the expenses attending the issue and sale of said bonds, including the advertisement, cost of printing bonds, etc., said bonds to bear interest at the rate of 6% per annum, and when the bonds shall have been sold, the money realized therefrom shall be placed in the "Street Improvement Fund," and an order drawn against said fund in favor of the contractor, for the entire amount due him, including interest at the rate of 6% per annum, from the time the work was accepted by the City Council to the date of payment to him.

SEC. 6. That within thirty days after the advertisement for the sale of said Street Improvement Bonds, it shall be the duty of the Mayor to issue the bonds of the city, which shall be signed by the Mayor and City Clerk with municipal seal impressed thereon and interest coupon attached, payable semi-annually at the rate of 6% per annum, said bonds shall be issued in denominations of five hundred dollars (\$500) each, payable ten years after date, provided, however, that said bonds may be redeemable at the option of the city at any time before maturity by paying the face of the

bond with accrued interest to the date of such redemption; and said bonds shall be dated on the date the work was completed and accepted by the City Council, and shall be payable at the State National Bank, Maysville, Ky.; but said bonds shall not be sold for less than par and accrued interest. The amount of said bonds issued for any one improvement shall be the amount of the unpaid assessments as shown by the Engineer's apportionment, together with the cost of advertising said bonds for sale, the making of same and all expenses attending the issue of same, and the total amount thereof shall be assessed equally by the feet front upon the property fronting, abutting or bordering upon said improvements. This improvement is undertaken under the provisions of Section 3572, and the amendments thereto of the Kentucky Statutes, and is to be paid for by the property holders abutting the property improved.

The assessment shall be made as soon as the improvement is fully completed and the sum assessed, together with the cost attending the sale and issue of said bonds as aforesaid, against each piece of property and the owners thereof shall be placed upon the tax list of the city, and shall be payable at the office of the City Treasurer in ten equal annual installments with interest at the rate specified in said bonds upon the unpaid portion thereof, and the said assessment shall be a lien upon the lots, parts of lots and parcels of land fronting, abutting or bordering upon said improvements and said bonds shall be issued upon the faith and credit of said assessments and liens, but in no event upon the faith and credit of the City of Maysville. The first installment, together with interest as provided upon the whole amount at the rate specified, shall be payable at the first payment of taxes next succeeding the time the assessment is placed upon the tax list, the interest to be computed at the date that taxes are due and payable, and the other installments annually thereafter, and always at the payment of other city taxes, with interest on the installments not due at that time until all installments are paid. The assessment may be collected like other city taxes, or the city may at any time after one installment remains delinquent thirty days, by suit in equity, enforce its lien for all the unpaid installments, with interest thereon until the date of satisfaction of same, and its costs expended.

The bonds shall be numbered consecutively series No. —, from No. 1 to the number required, and shall be in denomination of five hundred dollars (\$500) each, except that one may be for a smaller amount than said sum to cover any remaining fractional part of \$500 said work may cost, with appropriate interest coupons attached. They shall all bear date of the acceptance of said work.

The said bonds shall not be issued upon the faith and credit of the City of Maysville for the payment thereof, but the faith and credit of the City of Maysville shall be pledged for the sums realized upon the apportionment against the property for the cost of the improvement of said streets, as in this ordinance provided, only after same shall have been collected and paid to the Collector and Treasurer, as in this ordinance provided; and said bonds shall be redeemable and payable, not on the faith and credit of the city, but out of and secured by liens on the assessments to be made and apportioned against said lots and parts of lots or lands abutting on the streets and parts of streets so herein ordered to be constructed and curbed. All money paid, received or collected upon the assessments against the lots, as in this ordinance provided to be made, and interest on the deferred annual payments, as provided in Section 5 of the Act approved March 28th, 1894, and the amendment thereto, passed and approved March 24th, 1908, and all money arising from the sale of bonds herein provided for, shall be kept by the City Treasurer in a separate fund, to be known as a "Street Improvement Fund;" and said bonds shall be paid out of the amount realized upon said assessments to be made and apportioned upon the said properties abutting upon said streets and parts of streets as above, and said assessments secured, paid and collected as provided for in like cases in Section 5 of an Act of the General Assembly of the Commonwealth of Kentucky, entitled "An Act to Amend an Act for the Government of Cities of the Fourth Class," and the above mentioned amendment thereto, approved June 28th, 1893, and approved March 24th, 1894, and Sections of the Kentucky Statutes.

SEC. 7. All money received from the assessments in this ordinance provided to be made shall be appropriated and paid out upon the order of the Board of Council upon the City Treasurer, and for the payment of the interest and the redemption of the bonds which may be issued for the payments herein provided for and for no other purpose.

SEC. 8. The cost of said improvements, assessed against any piece of ground or owner thereof shall not exceed one-half of the value of such ground after the improvements are made, excluding the value of all buildings and other improvements upon the property so improved.

SEC. 9. J. Wesley Lee, Mayor; W. E. Kirwin, Clerk, and James W. Fitzgerald, City Treasurer, of the City of Maysville, Ky., are hereby appointed a committee to advertise for bids for improving said streets and parts of streets as in this ordinance provided, and in accordance with the specifications adopted by this Board and they shall adopt such means of advertising as in their judgment shall be productive of the greatest benefit and procure the largest number of bids, and the said bids to be sealed,

Careful Clothes Buyers!

The fine art of wise buying is acquired only by care in selection. You have no one but yourself to blame if you buy a suit of clothes with the careless unconcern with which you would buy a postage stamp and then find it far from satisfactory. To the man who will go deep into the matter of good clothes—who will use painstaking care in the selection—there is a peculiar satisfaction in the good products of our guaranteed clothes, and we have no fear that he will go further in his careful search. Let us show you these splendid satisfying clothes today.

Kentucky Crops

Fine wheat crops and a bountiful yield of small fruit, except peaches, are predicted by M. C. Rankin, Commissioner of Agriculture, in his crop report for April. Wet weather has retarded the planting of tobacco in some districts, but on the whole, the report is decidedly optimistic.

Reduce the Cost of Heating

With living expenses in general climbing higher, Underfeed Warm Air Furnaces and Steam and Hot Water Boilers are reducing the cost of heating to the lowest possible notch. In thousands of American homes clean, even heat is enjoyed at least cost. The Underfeed has made this possible. There's no guess work about it.

THE PECK-WILLIAMSON UNDERFEED FURNACES AND BOILERS

Are the most economical heating plants on the market. Cheapest slack, which would smother the fire in an ordinary heater, yields as much heat as highest priced coal. The Underfeed coal-burning way is responsible for this seeming miracle of economy. Coal is pumped from below. All the fire is on top. Smoke and gases, wasted in the heaters, must pass through the flames and are consumed, being turned to practical account in heating the building. This enables Underfeed furnace and boiler users to

SAVE % TO % OF COAL BILLS.

A Bracken county user, Mr. J. T. P. Watson, Brooksville, Ky., has this to say of his Underfeed experience:

"The Underfeed Furnace is all you claimed it would be. It gives perfect satisfaction. \$25 worth of coal will heat the entire house, ten rooms, for the season. The flowers in our living room have been blooming continually and look like hot-house plants."

Send today for free booklets on Underfeed Warm Air, Steam and Hot Water Heating Systems. Our representatives will be glad to call any time and make you a detailed proposition for those who buy now.
